Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The *Consolidated Appropriations Act of 2021 (CAA)* is a federal law that includes the No Surprises Act as well as the provider transparency requirements that are described below.

The CAA provisions within this *plan* apply unless state law or any other provisions within this *plan* are more advantageous to you.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- *Emergency services provided by non-participating providers;*
- *Covered services provided by an non-participating provider at a participating provider facility; and*
- *Non-participating providers air ambulance services.*

No Surprises Act Requirements

Emergency Services

As required by the CAA, *emergency medical conditions* are covered under your *plan*:

- Without the need for pre-certification;
- Whether the provider is a *participating provider* or *non-participating provider*;

If the *emergency medical conditions* you receive are provided by a *non-participating provider*, Covered services will be processed at the *participating provider* benefit level.

Note that if you receive *emergency services* from a *non-participating provider*, your out-of-pocket costs will be limited to amounts that would apply if the covered services had been furnished by a *participating provider*. However, *non-participating provider* cost-shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating *non-participating provider* determines you are stable, meaning you have been provided necessary *emergency care* such that your condition will not materially worsen and the *non-participating provider* determines: (i) that you are able to travel to a *participating provider* facility

by non-emergency transport; (ii) the *non-participating provider* complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the *non-participating provider* after you are stabilized, you will be responsible for the *non-participating provider* cost-shares, and the *non-participating provider* will also be able to charge you any difference between the *maximum allowed amount* and the *non-participating provider's* billed charges. This notice and consent exception does not apply if the covered services furnished by a *non-participating provider* result from unforeseen and urgent medical needs arising at the time of service.

Non-Participating Services Provided at a Participating Provider Facility

When you receive covered services from a *non-participating provider* at a *participating provider* facility, your out-of-pocket costs will be limited to amounts that would apply if the covered service had been furnished by a *participating provider*. However, if the *non-participating provider* gives you proper notice of its charges, and you give written consent to such charges, claims will be paid at the *non-participating provider* benefit level. This means you will be responsible for out-of-network cost-shares for those services and the *non-participating provider* can also charge you any difference between the *maximum allowed amount* and the *non-participating provider's* billed charges. This notice and consent process described below does not apply to ancillary services furnished by a *non-participating provider* at a *participating provider* facility. Your out-of-pocket costs for claims for covered ancillary services furnished by a *non-participating provider* at a *participating provider* facility will be limited to amounts that would apply if the covered service had been furnished by a *participating provider*. Ancillary services are one of the following services: (A) *emergency care*; (B) *anesthesiology*; (C) *laboratory and pathology services*; (D) *radiology*; (E) *neonatology*; (F) *diagnostic services*; (G) *assistant surgeons*; (H) *hospitalists*; (I) *intensivists*; and (J) any services set out by the U.S. Department of Health & Human Services.

Non-participating providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Non-participating provider Air Ambulance Services

When you receive *non-participating providers* air ambulance services, your out-of-pocket costs will be limited to amounts that would apply if the covered service had been furnished by a *participating* air ambulance service provider.

How Cost-Shares Are Calculated

Your cost shares for *surprise billing claims* will be calculated based on the *recognized amount*. Any out-of-pocket cost shares you pay to a *non-participating provider* for either *emergency services* or for covered services provided by a *non-participating provider* at a *participating provider* facility or for covered services provided by a *non-participating provider* air ambulance service provider will be applied to your *participating provider* out-of-pocket limit.

Appeals

If you receive *emergency care services* from a *non-participating provider*, covered services from a *non-participating provider* at a *participating provider* facility or *non-participating* air ambulance services and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a *Surprise Billing Claim* is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Your Right To Appeals” section of this Benefit Book.

Provider Directories

The Claims Administrator is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from The Claims Administrator that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost shares will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com):

- Protections with respect to *Surprise Billing Claims* by providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act.

You may also obtain the following information on The Claims Administrator's website or by calling Member Services at the phone number on the back of your ID Card:

- Cost sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing / directory of all In-Network Providers.

In addition, Anthem will provide access through its website to the following information:

- *Participating provider* negotiated rates; and
- Historical *non-participating provider* rates.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BENEFIT BOOKLET ENTITLED DEFINITIONS.

Participating Providers in California. The *claims administrator* has established a network of various types of “Participating Providers”. These providers are called “participating” because they have agreed to participate in the *claims administrator’s* preferred provider organization program (PPO), which is called the Prudent Buyer Plan. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this *plan* will be different for *non-participating providers* than for *participating providers*. See the definition of “Participating Providers” in the DEFINITIONS section for a complete list of the types of providers which may be *participating providers*.

CVT will provide you with a directory of participating providers upon request. The directory lists all *participating providers* in your area, including health care facilities such as *hospitals* and *skilled nursing facilities*, *physicians*, laboratories, and diagnostic x-ray and imaging providers. You may call the Member Services number listed on your ID card and ask Member Services to send you a directory. You may also search for a *participating provider* using the “Find a Doctor” function on the *claims administrator’s* website at www.anthem.com/ca. The listings include the credentials of the *claims administrator’s participating providers* such as specialty designations and board certification.

If you receive covered services from a *non-participating provider* after we failed to provide you with accurate information in our provider directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, covered services will be covered at the *participating provider* level.

Connect with Us Using Our Mobile App. As soon as you enroll in this plan, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website, www.anthem.com.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care *physicians* and specialty care providers. To see a primary care *physician*, simply visit any *participating provider physician* who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any *participating provider* specialty care provider you choose (certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see "Physician," below). Referrals are never needed to visit any *participating provider* specialty care provider including a behavioral health care provider.

To make an appointment call your *physician's* office:

- Tell them you are a PPO Plan *member*.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. Call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-*emergency* care and non-*urgent* care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an *emergency* or behavioral health crisis, call 911 or go to the nearest emergency room.

Participating Providers Outside of California

If you are outside of our California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in the area you are in. A directory of PPO Providers for outside of California is available. You can get a directory from your plan administrator (usually your employer).

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in the Prudent Buyer Plan network. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract.

The *claims administrator* has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking services from *non-participating providers* could be balance billed by the *non-participating provider* for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Contracting and Non-Contracting Hospitals. Another type of provider is the "contracting hospital." This is different from a *hospital* which is a *participating provider*. The *claims administrator* has contracted with most hospitals in California to obtain certain advantages for patients covered by the *plan*. While only some *hospitals* are *participating providers*, all eligible California hospitals are invited to be *contracting hospitals* and most--over 90%--accept. **For those which do not (called *non-contracting hospitals*), there is a significant benefit penalty in your *plan*.**

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that the *plan* covers expense you incur from them when they're practicing within their specialty the same as it would if the care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as *physicians*. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither *physicians* nor *hospitals*. They are mostly free-standing facilities, or service organizations, such as ambulance companies. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not part of the Prudent Buyer Plan provider network.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* and that you or your family member might need: family planning; contraceptive services, including emergency

contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call us at the Member Services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Centers of Medical Excellence and Blue Distinction. The *claims administrator* is providing access to *Centers of Medical Excellence (CME)* networks, *Blue Distinction (BD)* and *Blue Distinction+ (BD+) Facility*. The facilities included in each of these networks are selected to provide the following specified medical services. Please refer to the DEFINITIONS section for a further description of these facilities:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, *CME* have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a *CME*.**
- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a *CME*.**

A *participating provider* in the Prudent Buyer Plan network is not necessarily a *CME* facility.

- **Orthopedic Surgery Facilities.** Hospital facilities have been organized to provide inpatient services only for hip replacements, knee replacements and certain spine procedures listed in this *benefit booklet*. **These procedures are covered only when performed at a *Blue Distinction+ (BD+) Facility*.**

Blue Distinction.

- The Blue distinction requirement does not apply to the following:
 - Members under the age of 18
 - Emergencies
 - Urgent surgery to treat a recent fracture
 - Surgeries performed in the course of other heroic treatment such as cancer treatment
 - You have primary coverage with Medicare or another carrier

Benefits for services performed at a designated *CME*, *BD* or *BD+* will be the same as for *participating providers*. A *participating provider* in the

Prudent Buyer Plan or the Blue Cross and/or Blue Shield Plan network is not necessarily a *CME*, *BD* or *BD+* facility.

Transgender, Transplant, Bariatric, Hip, knee replacement or spine surgery travel expense and the Travel Benefit reimbursement is supported through our vendor, HealthBase. When services are not available in state or required to travel to obtain services, contact claims administrator.

For reimbursable expenses by HealthBase, the Member must first call Member Services who will submit the referral to HealthBase.

HealthBase will contact the Member to begin travel arrangements. Hip, knee replacement or spine surgery travel expense will only be covered through HealthBase.

Care Outside the United States—BlueCross BlueShield Global Core

Prior to travel outside the United States, call the Member Services telephone number listed on your ID card to find out if your plan has BlueCross BlueShield Global Core benefits. Your coverage outside the United States is limited and the *claims administrator* recommends:

- Before you leave home, call the Member Services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with *urgent care* or an *emergency* when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- **The BlueCross BlueShield Global Core Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a *physician* appointment or hospitalization, if needed.

Payment Information

- **Participating BlueCross BlueShield Global Core hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCross BlueShield Global Core *hospitals* except for the out-of-pocket costs you normally pay (non-covered services, deductible, co-payments, and co-insurance). The *hospital* should submit your claim on your behalf.
- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a *physician*, and

inpatient care from a *hospital* that is not a participating BlueCross BlueShield Global Core *hospital*. Then you can complete a BlueCross BlueShield Global Core claim form and send it with the original bill(s) to the BlueCross BlueShield Global Core Service Center (the address is on the form).

Claim Filing

- **Participating BlueCross BlueShield Global Core hospitals will file your claim on your behalf.** You will have to pay the *hospital* for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and *physician* care, or inpatient *hospital* care not provided by a participating BlueCross BlueShield Global Core *hospital*. You will need to pay the health care provider and subsequently send an international claim form with the original bills to the *claims administrator*.

Additional Information About BlueCross BlueShield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.
- Exchange rates are determined as follows:
 - For inpatient *hospital* care, the rate is based on the date of admission.
 - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from the *claims administrator*, from the BlueCross BlueShield Global Core Service Center, or online at:

www.bcbsglobalcore.com

The address for submitting claims is on the form.

TIMELY ACCESS TO CARE

The *claims administrator* has contracted with health care service providers to provide covered services in a manner appropriate for your condition, consistent with good professional practice. The *claims administrator* ensures that its contracted provider networks have the capacity and availability to offer appointments within the following timeframes:

- **Urgent Care appointments for services that do not require prior authorization:** within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization:** within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments for primary care:** within ten (10) business days of the request for an appointment;
- **Non-Urgent appointments with specialists:** within fifteen (15) business days of the request for an appointment;
- **Appointments for ancillary services (diagnosis or treatment of an injury, illness or other health condition) that are not urgent care:** within fifteen (15) business days of the request for an appointment.

For Mental Health and Substance Use Disorder care:

- **Urgent Care appointments for services that do not require prior authorization:** within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization:** within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments with mental health and substance use disorder providers who are not psychiatrists:** within ten (10) business days of the request for an appointment;
- **Non-Urgent appointments with mental health and substance use disorder providers who are psychiatrists:** within fifteen (15) business days of the request for an appointment. Due to accreditation standards, the date will be ten (10) business days for the initial appointment only.

If a provider determines that the waiting time for an appointment can be extended without a detrimental impact on your health, the provider may schedule an appointment for a later time than noted above.

The *claims administrator* arranges for telephone triage or screening services for you twenty-four (24) hours per day, seven (7) days per week with a waiting time of no more than thirty (30) minutes. If the *claims administrator* contracts with a provider for telephone triage or screening services, the provider will utilize a telephone answering machine and/or an answering service and/or office staff, during and after business hours, to inform you of the wait time for a return call from the provider or how the *member* may obtain *urgent care* or *emergency services* or how to contact another provider who is on-call for telephone triage or screening services.

If you need the services of an interpreter, the services will be coordinated with scheduled appointments and will not result in a delay of an appointment with a *participating provider*.

SUMMARY OF MEDICAL BENEFITS

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR SERVICES WHICH ARE CONSIDERED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED UNDER THIS PLAN. CONSULT THIS BENEFIT BOOKLET OR TELEPHONE THE CLAIMS ADMINISTRATOR AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BENEFIT BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire *benefit booklet* for more complete information about the benefits, conditions, limitations and exclusions of your *plan*.

Mental Health Parity and Addiction Equity Act. The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance use disorder benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance use disorder benefits cannot set day/visit limits on mental health or substance use disorder benefits that are lower than any such day or visit limits for medical and surgical benefits. A *plan* that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance use disorder benefits offered under the *plan*.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of non-quantitative treatment limitations (NQTL). An example of a non-quantitative treatment limitation is a precertification requirement.

Also, the *plan* may not impose deductibles, co-payments, co-insurance, and out of pocket expenses on mental health and substance use disorder benefits that are more restrictive than deductibles, co-payments, co-insurance and out of pocket expenses applicable to other medical and surgical benefits.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

After Hours Care. After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. You should call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-*emergency* care and non-*urgent care* within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

All benefits are subject to coordination with benefits under certain other plans. The benefits of this *plan* may also be subject to the SUBROGATION AND REIMBURSEMENT section.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this Benefit Booklet, and what the term means to you when obtaining covered services under this *plan*. The *maximum allowed amount* is the total reimbursement payable under your *plan* for covered services you receive from *participating* and *non-participating providers*. It is the *plan’s* payment towards the services billed by your provider combined with any Deductible, Co-Payment, or Co-Insurance owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this *plan*, then you could be responsible for paying the entire *maximum allowed amount* for covered services. Except for *surprise billing claims*, when you receive services from a *non-participating provider*, you may be responsible for paying any difference between the *maximum allowed amount* and the provider’s actual charges. In many situations, this difference could be significant.

**Surprise billing claims are described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this booklet. Please refer to that section for further details.*

Provided below are two examples, which illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

Example: The plan has a *member* Co-Payment of 30% for *participating provider* services after the Deductible has been met.

- The *member* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *participating* surgeon is used is 30% of \$1,000, or \$300. This is what the *member* pays. The plan pays 70% of \$1,000, or \$700. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a *member* Co-Payment of 50% for *non-participating provider* services after the Deductible has been met.

- The *member* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *non-participating* surgeon is used is 50% of \$1,000, or \$500. The plan pays the remaining 50% of \$1,000, or \$500. In addition, the *non-participating* surgeon could bill the *member* the difference between

\$2,000 and \$1,000. So the *member's* total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, the *claims administrator* will, to the extent applicable, apply claim processing rules to the claim submitted. The *claims administrator* uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if the *claims administrator* determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers and Centers of Medical Excellence (CME).

For covered services performed by a *participating provider* or *CME* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* or *CME* has agreed with the *claims administrator* to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not met your Deductible or have a Co-Payment. Please call the Member Services telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. This may include, but is not limited to, anesthesiologists, pathologists, radiologists and emergency room physicians. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately,

you should find out if the facility is a *participating provider* before undergoing the surgery.

Non-Participating Providers and Other Health Care Providers.*

Providers who are not in the Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. Except for *surprise billing claims*, for covered services you receive from a *non-participating provider* or *other health care provider* the *maximum allowed amount* will be based on the applicable *non-participating provider* rate or fee schedule for this *plan*, an amount negotiated by the *claims administrator* or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, or an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, the *claims administrator* will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount or if your claim involves a *surprise billing claim*.

For covered services rendered outside the Anthem Blue Cross service area by *non-participating providers*, claims may be priced using the local Blue Cross Blue Shield plan’s *non-participating provider* fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the *maximum allowed amount* for out of area claims may be based on billed charges, the pricing used if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider's* or *other health care provider's* charge that exceeds the *maximum allowed amount* under this *plan*. Except for *surprise billing claims*, you may be responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health care provider* charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the Member Services number on your ID card for help in finding a *participating provider* or visit the website at www.anthem.com/ca. Member Services is also available to assist you in determining this *plan's maximum allowed amount* for a particular *covered service* from a *non-participating provider* or *other health care provider*.

Please see the "Out Of Area Services" provision in the section entitled GENERAL PROVISIONS for additional information.

***Exceptions:**

- For emergency services provided by non-participating providers or at non-contracting hospitals, reimbursement is based on the reasonable and customary value. Non-participating providers (both inside and outside of California) may also bill you for any charges over the plans reasonable and customary value or maximum allowed amount, respectively.
- **Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.
- **If Medicare is the primary payer, the *maximum allowed amount* does not include any charge:**
 1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
 2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
 3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of the *maximum allowed amount*, or the approved amount as determined by Medicare; or

4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount*, or the limiting charge as determined by Medicare.
 - **Acupuncture by an acupuncturist.** The *maximum allowed amount* for services of an acupuncturist who is a *non-participating provider* will be the lesser of the billed charge or the *maximum allowed amount*, as determined by the *claims administrator*.

You will always be responsible for expense incurred which is not covered under this *plan*.

MEMBER COST SHARE

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers*. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

The *claims administrator* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your *plan* and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a *participating* hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge.

Rebate Impact on *Prescription Drugs* You get at *Retail Pharmacies* or Home Delivery

The *claims administrator* and/or its *pharmacy benefits manager* may also, from time to time, enter into agreements that result in the *claims administrator* receiving rebates or other funds ("rebates") directly or indirectly from *prescription drug* manufacturers, *prescription drug* distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by the *claims administrator* from rebates on *prescription drugs* purchased by you from a *retail pharmacy*, home delivery or specialty pharmacy under this section. If the *prescription drug* purchased by you is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the *maximum allowed amount* for the *prescription drug*. Any deductible or coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all *members* enrolled in coverage of this type.

It is important to note that not all *prescription drugs* are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time you purchase the *prescription drug*, the amount of the rebate applied to your claim will be based on an estimate. Payment on your claim will not be adjusted if the later determined rebate value is higher or lower than our original estimate.

AUTHORIZED REFERRALS

In some circumstances the *claims administrator* may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact the *claims administrator* in advance of obtaining the covered service. It is your responsibility to ensure that the *claims administrator* has been contacted. If the *claims administrator* authorizes a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge. Please call the Member Services telephone number on your ID card for *authorized referral* information or to request authorization.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

CO-PAYMENTS, CO-INSURANCE, MEDICAL AND PRESCRIPTION DRUG OUT-OF-POCKET AMOUNT AND MEDICAL BENEFIT MAXIMUMS

After subtracting any applicable Co-Payment and/or Co-Insurance, the benefits of this *plan* will be paid up to the *maximum allowed amount*, not to exceed the applicable Medical Benefit Maximum. The Co-Payments, Co-Insurance, Medical and Prescription Drug Out-of-Pocket Amount, and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

CO-PAYMENTS AND CO-INSURANCE, AND MEDICAL AND PRESCRIPTION DRUG OUT-OF-POCKET AMOUNT

Your Co-Payment and/or Co-Insurance will be subtracted from the *maximum allowed amount* remaining.

Emergency Room Co-Payment. Each time you visit an emergency room for treatment, you will be responsible for paying the Emergency Room Co-Payment. However, this Co-Payment will not apply if you are admitted as a *hospital* inpatient from the emergency room immediately following emergency room treatment.

Office Visit Co-Payment. You will be responsible for paying the Office Visit Co-Payment for each outpatient visit to a *physician*. However, this Co-Payment applies only to the charge for the office visit itself. It does not apply to any other charges incurred during that visit, such as for testing procedures, surgery, physical therapy, etc.

Outpatient Hospital Co-Payment. You will be responsible for paying an outpatient hospital co-payment if the outpatient procedure is performed at an outpatient hospital. Benefits will remain the same if the outpatient procedure is performed at an independent lab/imaging center/ambulatory surgical center.

Co-Insurance. The *claims administrator* will apply the applicable percentage to the *maximum allowed amount* remaining after any dollar co-payment has been subtracted. This will determine the dollar amount of your Co-Insurance.

Medical and Prescription Drug Out-of-Pocket Amount. If you pay Co-Insurance/Co-payment equal to the Out-of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to pay Co-Insurance/Co-payment for any additional covered services or supplies during the remainder of that *year*.

Note: Any expense applied to any deductible and any co-payments for prescription drug (provided under your CVS Caremark drug plan) will apply toward the satisfaction of the Out-of-Pocket Amount.

Charges Which Do Not Apply Toward the Out-of-Pocket Amount. The following charges will not be applied toward satisfaction of an Out-of-Pocket Amount:

- Charges for services or supplies not covered under this plan;
- Charges which exceed the *maximum allowed amount*; and
- Charges which exceed the *prescription drug maximum allowed amount*.

MEDICAL BENEFIT MAXIMUMS

CVT does not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums.

Prior Plan Maximum Benefits. If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this *plan*.

1. You must incur this expense while you are covered under this *plan*. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this *plan*.
5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.
7. All services and supplies must be ordered by a *physician*.

SCHEDULES FOR NON-PARTICIPATING PROVIDERS

This section explains how the *claims administrator* determines the *scheduled amount* (the *maximum allowed amount for non-participating providers*) and is, subject to the maximums, conditions, exclusions and limitations of this *plan*.

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, benefits will be provided for the following services and supplies:

Acupuncture. The services of a *physician* for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. This plan will pay for up to **12 visits** during a *calendar year*.

If covered charges are applied toward the Calendar Year Deductible, if applicable, and payment is not provided, that visit will be included in the visit maximum (12 visits) for that *year*.

Abortion Services. Benefits include all abortion and abortion-related services, including pre-abortion and follow-up services. For outpatient abortion services, precertification is not required.

“Abortion” means a medical treatment intended to induce the termination of a pregnancy except for the purpose of producing a live birth.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with the *claims administrator* to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,
 - Between hospitals, including when you are required to move from a hospital that does not contract with the *claims administrator* to one that does, or

- Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a *non-emergency*. When using an air ambulance in a *non-emergency* situation, the *claims administrator* reserves the right to select the air ambulance provider. If you do not use the air ambulance the *claims administrator* selects in a *non-emergency* situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this *plan* will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such as a skilled nursing facility or a rehabilitation facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*.

For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition that requires an emergency response, please call the “911” emergency response system if you are in an area where the system is established and operating.

Ambulatory Surgical Center. Services and supplies provided by an *ambulatory surgical center* in connection with outpatient surgery.

Ambulatory surgical center services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Bariatric Surgery. Services and supplies in connection with *medically necessary* surgery for weight loss, only for morbid obesity and only when performed at a designated *CME* facility. See UTILIZATION REVIEW PROGRAM for details.

You must obtain pre-service review for all bariatric surgical procedures. **Charges for services provided for or in connection with a bariatric surgical procedure performed at a facility other than a *CME* will not be covered.**

Blood. Blood transfusions, including blood processing and the cost of unreplaced blood and blood products. Charges for the collection, processing and storage of self-donated blood are covered, but only when specifically collected for a planned and covered surgical procedure.

Breast Cancer. Services and supplies provided in connection with the screening for, diagnosis of, and treatment for breast cancer whether due to illness or injury, including:

1. Diagnostic mammogram examinations for the treatment of a diagnosed illness or injury. Routine mammogram will be covered initially under the Preventive Care Services benefit.
2. Breast cancer (BRCA) testing, if appropriate, in conjunction with genetic counseling and evaluation. When done as a *preventive care service*, BRCA testing will be covered under the Preventive Care Services benefit.
3. Mastectomy and lymph node dissection; complications from a mastectomy including lymphedema.

4. Reconstructive surgery performed to restore and achieve symmetry following a *medically necessary* mastectomy.
5. Breast prostheses following a mastectomy (see “Prosthetic Devices”).

This coverage is provided according to the terms and conditions of this *plan* that apply to all other medical conditions.

Chemotherapy. This includes the treatment of disease using chemical or antineoplastic agents and the cost of such agents in a professional or facility setting.

Chiropractic Care. The *plan* will pay for services of a *physician* for manual manipulation of the spine to correct subluxation demonstrated by *physician*-read x-ray, including:

1. Diagnostic services, other than diagnostic scanning, when provided during an initial examination or re-examination;
2. Adjustments;
3. Radiological x-rays and laboratory tests; and
4. *Medically necessary* therapy when provided in conjunction with the visit specifically for spinal or joint adjustment.

For the services of *non-participating providers* only, visits are limited to not more than **13 visits** per *calendar year*.

If covered charges are applied toward the Calendar Year Deductible, if applicable, and payment is not provided, that visit will be included in the visit maximum (13 visits) for that *year*.

If you receive chiropractic services from a *non-participating provider* and you need to submit a claim to the *claims administrator*, please send it to the address listed below. If you have any questions or are in need of assistance, please call the Member Services telephone number listed on your ID card.

Christian Science Benefits

Benefits for the following services are provided when you receive Christian Science treatment for symptoms of a covered illness or injury:

1. Services of a Christian Science sanatorium when you are admitted for active care of an illness or injury.

A Christian Science sanatorium is considered a *hospital* for purposes of this *plan*. The sanatorium must be accredited by the Department of Care of the First Church of Christ, Scientist; Boston, Massachusetts.

2. Office visits for services of a Christian Science practitioner providing treatment for a diagnosed illness or injury according to the healing practices of Christian Science.

The term "*physician*" includes a Christian Science practitioner approved and accredited by the Mother Church, The First Church of Christ, Scientist; Boston, Massachusetts.

NO BENEFITS ARE AVAILABLE FOR SPIRITUAL REFRESHMENT. All other provisions under MEDICAL CARE THAT IS NOT COVERED apply equally to Christian Science benefits as to all other benefits and providers of care.

Clinical Trials. Coverage is provided for routine patient costs you receive as a participant in an approved clinical trial. A "qualified enrollee" means that you meet both of the following conditions:

- a) You are eligible to participate in an approved clinical trial, according to the clinical trial protocol, for the treatment of cancer or another life-threatening disease or condition.
- b) Either of the following applies:
 - i. The referring health care professional is a *participating provider* has concluded that your participation in the clinical trial would be appropriate because you meet the conditions of subparagraph (a).

You provide medical and scientific information establishing that your participation in the clinical trial would be appropriate because you meet the conditions of subparagraph (a).

The services must be those that are listed as covered by this plan for *members* who are not enrolled in a clinical trial.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the *plan*, including:

- Drugs, items, devices, and services typically covered absent a clinical trial;
- Drugs, items, devices, and services required solely for the provision of an investigational drug, item, device, or service;
- Drugs, items, devices, and services required for the clinically appropriate monitoring of the investigational drug, item, device, or service;

- Drugs, items, devices, and services provided for the prevention of complications arising from the provision of the investigational drug, item, device, or service;
- Drugs, items, devices, and services needed for the reasonable and necessary care arising from the provision of the investigational drug, item, device, or service, including diagnosis and treatment of complications.

Cost sharing (co-payments, coinsurance, and deductibles) for routine patient care costs will be the same as that applied to the same services not delivered in a clinical trial, except that the *participating provider* cost sharing and Out-of-Pocket Amount will apply if the clinical trial is not offered or available through a *participating provider*. An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or another life-threatening disease or condition. The term “life-threatening disease or condition” means a disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

Coverage is limited to the following clinical trials:

1. Federally funded trials approved or funded by one or more of the following:
 - a. The National Institutes of Health,
 - b. The Centers for Disease Control and Prevention,
 - c. The Agency for Health Care Research and Quality,
 - d. The Centers for Medicare and Medicaid Services,
 - e. A cooperative group or center of any of the four entities listed above or the Department of Defense or the Department of Veterans Affairs,
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants, or
 - g. Any of the following departments if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines (1) to be comparable to the system of peer review of investigations and studies used by the National Institutes of Health, and (2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
 - i. The Department of Veterans Affairs,

- ii. The Department of Defense, or
 - iii. The Department of Energy.

Your *plan* includes benefits for *prescription drugs*, including *specialty drugs*, that must be administered to you as part of a *physician* visit, services from a *home health agency* or at an outpatient *hospital* when they are covered services. This may include *drugs* for home infusion therapy, chemotherapy, blood products, certain injectable and any drug that must be administered by a *physician*. This section describes your benefits when your *physician* orders the medication and administers it to you.

Benefits for *drugs* that you inject or get at a *retail pharmacy* (i.e., self-administered *drugs*) are not covered under this section. Benefits for those and other covered *drugs* are described under YOUR PRESCRIPTION DRUG BENEFITS, if included.

Non-duplication of benefits applies to *pharmacy drugs* under this *plan*. When benefits are provided for *pharmacy drugs* under the *plan's* medical benefits, they will not be provided under your prescription drug benefits, if included. Conversely, if benefits are provided for *pharmacy drugs* under your prescription drug benefits, if included, they will not be provided under the *plan's* medical benefits.

Prior Authorization. Your *plan* includes certain features to determine when *prescription drugs* should be covered, which are described below. As part of these features, your prescribing *physician* may be asked to give more details before the *claims administrator* can decide if the *drug* is eligible for coverage. In order to determine if the *prescription drug* is eligible for coverage, the following criteria has been established.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific *physician* qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one *prescription drug*, *prescription drug* regimen or treatment be used prior to use of another *prescription drug*, *prescription drug* regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated, and
- Use of a *prescription drug formulary*.

You or your *physician* can get the list of the *prescription drugs* that require prior authorization by calling the phone number on the back of your identification card or check the claims administrator's website at www.anthem.com. The list will be reviewed and updated from time to time. Including a *prescription drug* or related item on the list does not guarantee coverage under your *plan*. Your *physician* may check with the *plan* to verify *prescription drug* coverage, to find out which *prescription drug* are covered under this section and if any drug edits apply. However, if it is determined through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become a *member*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, the *claims administrator* will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must submit a request to the *plan* using the required uniform prior authorization request form. If you're requesting an exception to the step therapy process, your *physician* must use the same form. The request, for either prior authorization or step therapy exceptions, may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

After the *plan* receives the request from your *physician*, the *claims administrator* will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the *plan*.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call the number on the back of your ID Card.

If a request for prior authorization of a *specialty pharmacy drug* is denied, you or your prescribing *physician* may appeal the decision by calling the number on the back of your ID Card.

Coverage includes, but is not limited to, Medically Necessary services related to Gender Transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training. Coverage is provided for specific services according to benefits under this Booklet that apply to that type of service generally, if the Plan includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, Medically Necessary surgery; hormone therapy would be covered under this Booklet's Prescription Drug benefits. Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services. Services and supplies provided in connection with a non-*investigative* human solid organ or tissue transplant, if you are:

1. The recipient; or
2. The donor.

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are covered *members* under this *plan*, each will get benefits under their plans.
- When the person getting the organ is a covered *member* under this *plan*, but the person donating the organ is not, benefits under this *plan* are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.

- If a *member* covered under this *plan* is donating the organ to someone who is **not** a covered *member*, benefits are not available under this *plan*.

The *maximum allowed amount* for a donor, including donor testing and donor search, is limited to expense incurred for *medically necessary* medical services only. The *maximum allowed amount* for services incident to obtaining the transplanted material from a living donor or a human organ transplant bank will be covered. Such charges, including complications from the donor procedure for up to six weeks from the date of procurement, are covered. Services for treatment of a condition that is not directly related to, or a direct result of, the transplant are not covered. The *plan's* payment for unrelated donor searches from an authorized, licensed registry for bone marrow/stem cell transplants will not exceed **\$30,000** per transplant.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS. The *maximum allowed amount* does not include charges for services received without first obtaining prior authorization or which are provided at a facility other than a transplant center approved by the *claims administrator*. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. The *claims administrator* will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, *Centers of Medical Excellence (CME)* rules, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call the Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before benefits for a transplant will be provided. Your *physician* must certify, and the *claims administrator* must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to the *claims administrator* as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved.

However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Specified Transplants

You must obtain the *claims administrator's* prior authorization for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Specified transplants must be performed at *Centers of Medical Excellence (CME)*. **Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME will not be covered.**

Call the toll-free telephone number for pre-service review on your identification card if your *physician* recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a *CME*. See UTILIZATION REVIEW PROGRAM for details.

 - Describes the patient's behavioral health impairments to be treated,
 - Designs an intervention plan that includes the service type, number of hours, and parental participation needed (if any) to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,

SUBROGATION AND REIMBURSEMENT

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained, and You have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, “You” or “Your” includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former plan participants and plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan’s rights under these provisions shall also apply to the personal representative or administrator of Your estate, Your heirs or beneficiaries, minors, and legally incompetent or disabled persons. If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, or because of the death of the covered person, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers’ compensation insurance or fund, premises medical payments coverage, restitution, or “no-fault” or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement or otherwise. Regardless of how You or Your representative or any agreements allocate or characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of Your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on Your behalf from any party or insurer responsible for compensating You for Your illnesses or injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to

recover the benefits paid under the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an injury, illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of Your recovery. If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Assignment

In order to secure the Plan's rights under these Subrogation and Reimbursement Provisions, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim You may have regardless of whether You choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of Your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery You make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to Your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the

terms of any settlement, judgment, or verdict pertaining to Your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, You agree that if You receive any payment as a result of an injury, illness or condition, You will serve as a constructive trustee over those funds. You and Your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. Any Recovery You obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of Your illness, injury or condition upon any Recovery related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from Your Recovery including, but not limited to, you, your representative or agent, and/or any other source possessing funds from Your Recovery. You and Your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust or an injunction, to the extent necessary to enforce the Plan's lien and/or to obtain (or preclude the transfer, dissipation or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before You receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make You whole or to compensate You in part or in whole for the losses, injuries, or illnesses You sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to

satisfy in full the Plan's subrogation claim and any claim held by You, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs You incur. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to You occurred, all information regarding the parties involved and any other information requested by the Plan.
- You must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your injury, illness or condition.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation.
- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher.
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or

recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.

- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to You.
- You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
2. You fail to cooperate.

In the event You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.

You acknowledge the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share Your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each *member* and per *calendar year*. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this Definitions provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.

2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. If the Principal Plan for a *family member* is an HMO plan, This Plan will pay for out-of-pocket expenses such as copayments, deductibles and other services not available through the HMO provider.
4. If the Principal Plan for a *family member* is an HMO plan but the *family member* is treated by a non-HMO provider when those services are available through the HMO provider, This Plan will not make any payment as secondary payer.
5. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This includes Medicare in all cases except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as an employee pays before a plan which covers you as a dependent. But, if you are a Medicare beneficiary and also a dependent of an employee with current employment status under another plan, this rule might change. If, according to Medicare's rules, Medicare pays after that plan which covers you as a dependent, then the plan which covers you as a dependent pays before the plan which covers you as an employee.

For example: You are covered as a retired employee under this plan and entitled to Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second, and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. However, if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.
 - b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employee, provision 6 applies.
 5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
 6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

In no event will you be entitled to benefits from this *plan* in excess of those which you would have received if no Other Plan benefits were available.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. CVT is not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision. Such timely information must include an Explanation of Benefits statement (EOB) from the Other Plan.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and CVT's liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, CVT has the right to pay that Other Plan any amount CVT determines to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy CVT's liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, CVT has the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

For Active Employees and Their Family Members

1. If you are entitled to Medicare and receiving treatment for end-stage renal disease during the first 30 months that you are entitled to end-stage renal disease benefits under Medicare, you will receive the full benefits of this *plan*.

If you are receiving treatment for end-stage renal disease following the first 30 months that you are entitled to end-stage renal disease benefits under Medicare, the *claims administrator* will determine payment and then subtract the amount of benefits available from Medicare. The *plan* pays the amount that remains after subtracting Medicare's payment.

If you incur covered charges under this *plan*, the *claims administrator* will determine this *plan's* payment and then subtract the amount of benefits from Medicare Parts A and B. This *plan* will pay the amount that remains after subtracting Medicare's benefit. Please note, this *plan* will not pay any benefit when Medicare's payment is equal to or more than the amount which would have been paid under this *plan* in the absence of Medicare.

This method of payment will be applied when you are eligible to enroll in Medicare Part A, whether or not you are actually enrolled in Medicare Parts A or B, and whether or not benefits to which you are entitled are actually paid by Medicare

2. If you are entitled to Medicare benefits as a disabled person and have a current employment status, as determined by Medicare rules, you will receive the full benefits of this *plan*.
3. All other *members* entitled to Medicare will receive the full benefits of this *plan*.

For Retired Employees and Their Spouses

1. If you are 65 years of age or older and eligible for Medicare Part A because you made the required number of quarterly contributions to the Social Security System, your benefits under this *plan* will be reduced. CVT requires that you be enrolled for both Medicare Part A and Part B benefits.

When you incur covered charges under this *plan*, the *claims administrator* will determine this *plan's* payment and then subtract the amount of your benefits available from Medicare Parts A and B. This *plan* pays the amount that remains after subtracting Medicare's benefits.

This method of payment will be applied when you are retired and eligible to enroll in Medicare Part A, whether or not you are actually enrolled in Medicare Parts A or B, and whether or not benefits to which you are entitled are actually paid by Medicare.

2. If you are 65 years of age or older and not eligible for Medicare Part A, CVT requires you still be enrolled for Medicare Part B benefits.

When you incur covered charges under this *plan*, this *plan's* payment will be determined and then the amount of your benefits available from Medicare Part B will be subtracted. This *plan* pays the amount that remains after subtracting Medicare's benefits.

This method of payment will be applied, whether or not you are actually enrolled in Medicare Part B, and whether or not benefits to which you are entitled are actually paid by Medicare.

3. If you are under 65 years of age and eligible for Medicare Part A because you made the required number of quarterly contributions to the Social Security System, your benefits under this *plan* will be reduced. CVT does not require you to enroll in Medicare Part B.

When you incur covered charges under this *plan*, this *plan's* payment will be determined and then the amount of your benefits available from Medicare Part B, if you are enrolled in Part B. This *plan* pays the amount that remains after subtracting Medicare's benefits.

This method of payment will be applied when you are under the age of 65, retired and actually enrolled in Medicare Part A and Part B.

For example: Say that you are billed for **\$100** of the *maximum allowed amount*, and in the absence of Medicare this *plan* would have paid **\$80**. If Medicare pays **\$50**, the *claims administrator* would subtract that amount from the **\$80** and this *plan* would then pay **\$30**. The combined amount of benefits from Medicare and this *plan* will equal, but not exceed, what your benefit would have been from this *plan* alone if you were not eligible for Medicare.

UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

REVIEWING WHERE SERVICES ARE PROVIDED

A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not *medically necessary* for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or facility may need to be used in order for the service to be considered *medically necessary*. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a *hospital* but may be approvable if provided on an outpatient basis at a *hospital*.
- A service may be denied on an outpatient basis at a *hospital* but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a *physician's* office.
- A service may be denied at a *skilled nursing facility* but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. We may decide that a treatment that was asked for is not *medically necessary* if a clinically equivalent treatment that is more cost-effective is available and appropriate. "Clinically equivalent" means treatments that for most *members*, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;

3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell the *claims administrator* of the admission as soon as possible.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
 - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the *plan* has a related clinical coverage guideline and are typically initiated by the *claims administrator*.

Services for which precertification is required (i.e., services that need to be reviewed by the *claims administrator* to determine whether they are *medically necessary*) include, but are not limited to, the following:

- All inpatient *hospital* admissions.
 - ◆ Specific, *non-emergency* outpatient services, including diagnostic treatment, genetic tests and other services.
 - ◆ Surgical procedures, wherever performed.
- Human Organ and tissue transplants, (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services and similar procedures.
- Air ambulance in a *non-emergency*.
- Home infusion therapy if the attending *physician* has submitted both a prescription and a plan of treatment before services are rendered.
- Admissions to a *skilled nursing facility* if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.
- Additional visits for physical therapy, physical medicine and occupational therapy beyond those described under the "Physical Therapy and Physical Medicine" provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. A specified number of additional visits may be authorized. While there is no limit on the number of covered visits for *medically necessary* physical therapy and physical medicine, additional visits in excess of the stated number of visits must be authorized in advance.
- Home health care. The following criteria must be met:
 - a. The services can be safely provided in your home, as certified by your attending *physician*;
 - b. Your attending *physician* manages and directs your medical care at home; and

- c. Your attending *physician* has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the *home health agency*.
- Speech therapy services. A specified number of additional visits may be authorized after your initial visit. While there is no limit on the number of covered visits for medically necessary speech therapy, visits must be authorized in advance.
- Rental or purchase of Durable Medical Equipment over \$1,000 if your attending *physician* has submitted both a prescription and a plan of treatment prior to services or supplies being rendered.
- Hip, knee replacement or spine surgical services, including hip, knee replacement or spine surgery travel expense, if:
 - ◆ The services are to be performed for hip, knee replacement or spine surgery;
 - ◆ The *physicians* on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
 - ◆ The hip, knee replacement or spine surgical procedure will be performed at a *Blue Distinction+ (BD+)* facility.
- Bariatric surgical services such as gastric bypass and other surgical procedures for weight loss, including bariatric travel expense if:
 - a. The services are to be performed for the treatment of morbid obesity;
 - b. The *physicians* on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
 - c. The bariatric surgical procedure will be performed at a *CME* facility.
- Specific diagnostic procedures, including advanced imaging procedures, wherever performed.

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, *participating providers* know which services need precertification and will get any precertification when needed. Your *physician* and other *participating providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, *hospital* or attending *physician* (“requesting provider”) will get in touch with the *claims administrator* to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments

HOW DECISIONS ARE MADE

The *claims administrator* uses clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make medical necessity decisions. This includes decisions about *prescription drugs* as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The *claims administrator* reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card. You can also find our medical policies on our website at www.anthem.com.

If you are not satisfied with our decision under this section of your benefits, you may call the Member Services phone number on the back of your Identification Card to find out what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

The *claims administrator* will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, the *plan* will follow state laws. If you live in and/or get services in a state other than the state where your *plan* was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

Request Category	Timeframe Requirement for Decision
Urgent Pre-Service Review	72 hours from the receipt of the request
Non-Urgent Pre-Service Review	15 business days from the receipt of the request
Urgent Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	24 hours from the receipt of the request. We may request additional information within the first 24 hours and then extend to 72 hours

Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review	15 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the *claims administrator* will tell the requesting *physician* of the specific information needed to finish the review. If the *plan* does not get the specific information it needs by the required timeframe identified in the written notice, the *claims administrator* will make a decision based upon the information received.

The *claims administrator* will notify you and your *physician* of the *plan's* decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. The *claims administrator* will determine **in advance** whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *agreement* with the *plan administrator* terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables the *claims administrator* to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the *claims administrator* will discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor does the *claims administrator* have an obligation to provide it.

HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

The health plan individual case management program (Case Management) helps coordinate services for *members* with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate *members* who agree to take part in the Case Management program to help meet their health-related needs.

The Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, then *claims administrator* will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, the *claims administrator* may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, the *plan* may provide benefits for alternate care that is not listed as a covered service. The *claims administrator* may also extend services beyond the benefit maximums of this *plan*. A decision will be made on a case-by-case basis by the *claims administrator* if it determines that the alternate or extended benefit is in the best interest for you and the *plan* and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. The *claims administrator* reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the *claims administrator* will notify you or your authorized representative in writing.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, the *claims administrator* may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if such a change furthers the provision of cost effective, value based and quality services. In addition, the *claims administrator* may select certain qualifying health care providers to participate in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. The *claims administrator* may also exempt claims from medical review if certain conditions apply.

If the *claims administrator* exempts a process, health care provider, or claim from the standards that would otherwise apply, the *claims administrator* is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. The *claims administrator* may stop or modify any such exemption with or without advance notice.

The *claims administrator* also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then the *claims administrator* may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's members*.

You may determine whether a health care provider participates in certain programs by checking the *claims administrator's* online provider directory on the website at www.anthemcom/ca or by calling the Member Services telephone number listed on your ID card.

ENROLLMENT

To enroll as a *subscriber*, or to enroll *family members*, the *subscriber* must properly file an application. An application is considered properly filed only if it is personally signed, dated, and given to CVT within 31 days from your eligibility date. If your application is filed after 31 days, your coverage may be denied.

EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of the required monthly contributions on your behalf. If this condition has been met, the date you become covered is determined as indicated below.

Timely Enrollment: If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows:

1. Subscriber's Effective Date

Your coverage begins on the date specified in CVT's Active Eligibility Policy and Retiree Guidelines.

2. Family Member's Effective Date

- **New Spouse and Eligible Dependent(s):** A new spouse and an eligible dependent(s) of the new spouse are eligible to enroll for coverage within 31 days of the date of the marriage to the employee. - **Guardianship:** Children under the legal guardianship of the employee are eligible to be enrolled for coverage on the date the guardianship is awarded by the court. A copy of the “court ordered custody documents” is required before the child will be added to the coverage as a dependent of the employee. An employee must submit an enrollment request within 90 days of the date the guardianship is awarded to the employee by the court. Coverage will commence on the first day of the month following the court awarded guardianship and receipt of a timely request for enrollment. **If a request for enrollment is not received within 90 days of the date the guardianship is awarded by the court the child is not eligible to be enrolled for coverage until the annual open enrollment period or until the employee experiences a qualifying event.**

Late Enrollees/Disenrollees

For any eligible person who is not enrolled within the time limits stated above under ENROLLMENT, or who is permitted to decline coverage and voluntarily chooses to disenroll from coverage under this *plan* but later reapplies, you must wait until the next Open Enrollment Period, or experience a qualifying event as outlined in CVT’s Eligibility Policy, to enroll.

EXCEPTIONS. If you are a late enrollee or disenrollee, you may enroll without waiting for the next Open Enrollment Period if you are otherwise eligible under any one of CVT’s qualifying events. Please call CVT Member Services at (800) 288-9870 for a listing of qualifying events.

OPEN ENROLLMENT PERIOD

There is an Open Enrollment Period once each *calendar year*. During that time, an individual who meets the eligibility requirements as a *subscriber* under this *plan* may enroll. A *subscriber* may also enroll any eligible *family members* at that time. Persons eligible to enroll as *family members* may enroll only under the *subscriber’s plan*.

For anyone so enrolling, coverage under this *plan* will begin on the first day of October following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this *plan* begins.

HOW COVERAGE ENDS

Contact CVT Member Services Department at (800) 288-9870 for complete Active Eligibility Policy and Retiree Guideline criteria.

CONTINUATION OF COVERAGE

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this "Definitions" provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *plan* as either a *subscriber* or *family member*; and (b) a *child* who is born to or placed for adoption with the *subscriber* during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including any *family members* acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above. It does not include domestic partners if they are eligible under HOW COVERAGE BEGINS AND ENDS.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *plan*. The events will be referred to throughout this section by number.

1. For Subscribers and Family Members:

- a. The *subscriber's* termination of employment, for any reason other than gross misconduct; or
- b. Loss of coverage under an employer's health plan due to a reduction in the *subscriber's* work hours.

2. For Retired Employees and their Family Members. Cancellation or a substantial reduction of benefits under the *plan* for retired employees and their *family members* due to filing for Chapter 11 bankruptcy by the *participating employer* from whose employment the *subscriber* retired.

Such cancellation or reduction of benefits occurs within one year before or after your *participating employer's* filing for bankruptcy.

3. For Family Members:

- a. The death of the *subscriber*;
- b. The *spouse's* divorce from the *subscriber*;
- c. The end of a *child's* status as a dependent *child*, as defined by the *plan*; or
- d. The *subscriber's* entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or *family member* may choose to continue coverage under the *plan* if your coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *participating employer*, CVT or its administrator (Anthem Blue Cross Life and Health is not the administrator), will notify either the *subscriber* or *family member* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, CVT will notify the *subscriber* of the right to continue coverage.
2. For Qualifying Events 3(a) or 3(d) above, a *family member* will be notified of the COBRA continuation right.
3. You must inform the *participating employer* within 60 days of Qualifying Events 3(b) or 3(c) above if you wish to continue coverage. The *participating employer*, in turn, must also notify CVT, who will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify CVT within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all *members* within a family, or only for selected *members*.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered by you to CVT within 45 days after you elect COBRA continuation coverage.

Additional Family Members. A *spouse* or *child* acquired during the COBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *plan* apply to enrollees during the COBRA continuation period.

Cost of Coverage. CVT may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "required monthly contribution", must be remitted to CVT each month during the COBRA continuation period. CVT must receive payment of the required monthly contribution in order to maintain the coverage in force.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to:

1. A *spouse* whose COBRA continuation began due to divorce or death of the *subscriber*;
2. A *child* if neither the *subscriber* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the subscription charge will be the two-party or three-party rate depending on the number of *children* enrolled); and
3. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, your *family members*, who are Qualified Beneficiaries, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first Qualifying Event.

For example, a *child* may have been originally eligible for COBRA continuation due to termination of the *subscriber's* employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *family members* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *plan*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours.

2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce, or the end of dependent *child* status.*
3. The end of 36 months from the date the *subscriber* became entitled to Medicare, if the Qualifying Event was the *subscriber's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *subscriber* will end 36 months from the date the *subscriber* became entitled to Medicare.
4. The date the *plan* terminates.
5. The end of the period for which required monthly contributions are last paid.
6. The date, following the election of COBRA continuation coverage, the *member* first becomes covered under any other group health plan.
7. The date, following the election of COBRA continuation coverage, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

Subject to the *plan* remaining in effect, a *retired employee* whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered *family members* may continue coverage for 36 months after the *subscriber's* death. But coverage could terminate prior to such time for either the *subscriber* or *family member* in accordance with items 4, 5 or 6 above.

Other Coverage Options Besides COBRA Continuation Coverage.

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a *spouse's* plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, the *subscriber* or a covered *family member* is determined to be disabled for Social Security purposes, all covered *members* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *member* must: (1) Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and (2) Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *member* must furnish CVT with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the *member* continues to be *totally disabled*, the cost (called the "required monthly contribution") shall be subject to the following conditions:

1. This charge shall be **150%** of the usual COBRA rate, and must be remitted to CVT each month during the period of extended continuation coverage. CVT must receive timely payment of the required monthly contribution each month from you in order to maintain the extended coverage in force.
2. CVT requires that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue up to 36 months from the date of the first Qualifying Event. The required monthly contribution charge shall then be **150%** of the applicable rate for the 19th through 36th months.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer *totally disabled*.
2. The end of 29 months from the Qualifying Event.
3. The date the *plan* terminates.
4. The end of the period for which required monthly contributions are last paid.

5. The date, following the election of COBRA continuation, the *member* first becomes covered under any other group health plan.
6. The date, following the election of COBRA continuation, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *group* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

CONTINUATION FOR DISABLED DISTRICT EMPLOYEES

If you become disabled as a result of a violent act directed at you while performing duties in the scope of employment as a district employee, your benefits under this *plan* may be continued.

Eligibility. You must be a member of the State Teachers' Retirement System or a classified school employee member of the Public Employees' Retirement System and be covered under this *plan* at the time of the violent act causing the disability.

Cost of Coverage. CVT requires that you pay the entire cost of your continuation coverage. This cost (called the "required monthly contribution") must be remitted to CVT each month during your continuation. CVT must receive payment of the required monthly contribution each month from you in order to maintain the coverage in force. CVT will accept the required monthly contribution only from you or your authorized representative.

When Continuation Coverage Begins. When continuation coverage is elected and the required monthly contribution is paid, coverage is reinstated back to the date you became disabled, so that no break in coverage occurs, but only if you elect to continue coverage within 60 days after your coverage terminates. For *family members* acquired and properly enrolled during the continuation, coverage begins according to the enrollment provisions of this *plan*.

When Continuation Coverage Ends. This continuation coverage ends for the *subscriber* on the earliest of:

1. The date this *plan* terminates;
2. The end of the period for which the required monthly contribution was last paid; or
3. The date the maximum benefits of this *plan* are paid.

For *family members*, this continuation coverage ends according to the provisions of the section entitled HOW COVERAGE BEGINS AND ENDS.

COVERAGE FOR RETIRED EMPLOYEES OR THEIR SURVIVING SPOUSES

1. An *subscriber* who retires under any public retirement system may be eligible to enroll as a *retired employee* under the *participation agreement*.
2. After the death of the *subscriber* who was covered as a *retired employee*, coverage continues for a *spouse* enrolled through a *participating employer* until one of the following occurs:
 - a. The *spouse* becomes enrolled under another group health plan;
or
 - b. The *spouse's* coverage cancels as described under HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE ENDS.

CONTINUATION FOR DOMESTIC PARTNERS AND THEIR CHILDREN

An enrolled *domestic partner* and the enrolled *child* of the *domestic partner*, who is not a *child* of the *subscriber*, may be eligible to continue coverage under this *plan* if coverage would otherwise end due to either: (1) the *subscriber's* termination of employment or a reduction in the *subscriber's* work hours, and the *subscriber* elects to continue benefits as specified under CONTINUATION OF COVERAGE (COBRA); or (2) the death of the *subscriber*.

CVT or its administrator (Anthem Blue Cross Life and Health is not the administrator) will notify the *subscriber*, or the *domestic partner* following the death of the *subscriber*, of the right to continue coverage. If you choose to continue coverage, you must notify CVT within 60 days of the date you receive notice of your continuation right. This continuation may be chosen for both a *domestic partner* and *child* or only for selected *members*. If you fail to elect the continuation during this period, you may not elect the continuation at a later date. Notice of continued coverage, along with the initial required monthly contribution, must be delivered by you to CVT. Any new family members acquired during this continuation period may not be added.

The cost of your continuation coverage, called the "required monthly contribution", must be remitted to CVT each month during the continuation period. CVT must receive payment of the required monthly contribution each month in order to maintain the coverage in force.

This continuation will end on the earliest of:

1. The date the *subscriber's* COBRA coverage terminates.
2. The end of 36 months from the death of the *subscriber*. If the *subscriber* dies while covered under COBRA, this 36 month continuation for an enrolled *domestic partner* and/or *child* of the *domestic partner* begins on the date of the *subscriber's* Qualifying Event for COBRA (i.e., termination of employment).
3. The date the domestic partnership terminates, except in the event of the *subscriber's* death.
4. The date the *group* cancels coverage for *domestic partners* under the "Eligible Status" provision of HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE BEGINS.
5. The date the *member* first becomes entitled to Medicare, unless eligibility for Medicare is solely as a result of end-stage renal disease.
6. The date the *member* first becomes covered under any other group health plan.
7. The date the maximum benefits of this *plan* are paid.
8. The end of the period for which required monthly contributions are last paid on the *member's* behalf.
9. The date the *plan* terminates.

EXTENSION OF BENEFITS

If you are *totally disabled* and under the treatment of a *physician* on the day your coverage under this *plan* ends, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient *stay* is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, the *claims administrator* must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. The *claims administrator* must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, the *claims administrator* must receive proof that your total disability is continuing.
3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer *totally disabled*.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
 - d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Benefit booklet. This *benefit booklet* is not a *participation agreement*. It does not change the coverage under the *participation agreement* in any way. This *benefit booklet*, which is evidence of coverage under the *participation agreement*, is subject to all of the terms and conditions of that Agreement.

Providing of Care. CVT is not responsible for providing any type of *hospital*, medical or similar care, nor is CVT responsible for the quality of any such care received.

Independent Contractors. The relationship between CVT and the providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not agents of CVT nor is CVT or any of CVT's employees, an employee or agent of any *hospital*, medical group or medical care provider of any type. CVT is not liable for any claim or demand for damages connected with any injury resulting from any treatment.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Inter-Plan Arrangements

Out-of-Area Services

Overview. The *claims administrator* has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the State of California, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of California, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("non-participating providers") do not contract with the Host Blue. We explain below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, the *claims administrator* will still fulfill the plan's contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to the *claims administrator*.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the *claims administrator* will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside California

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of California by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or copayment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network *emergency* services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within California, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

Member Services is also available to assist you in determining your allowed amount for a particular service from a non-participating provider. In order for Anthem to assist you, you will need to obtain from the non-participating provider the specific procedure code(s) and diagnosis code(s) for the services the provider will render. You will also need to know the provider's charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this information, the final allowed amount for your claim will be based on the actual claim submitted by the provider. You may call Member Services toll free at the telephone number on the back of your Identification Card for their assistance.

F. BlueCross BlueShield Global Core[®] Program

If you plan to travel outside the United States, call Member Services for information about your BlueCross BlueShield Global Core benefits. Benefits for services received outside of the United States may be different from services received in the United States.

When you are traveling abroad and need medical care, you can call the BlueCross BlueShield Global Core Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is **(800) 810-BLUE (2583)**. Or you can call them collect at **(804) 673-1177**.

If you need inpatient hospital care, you or someone on your behalf, should contact the *claims administrator* for preauthorization. Keep in mind, if you need *emergency* medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Utilization Review Program" section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for *emergency* or non-emergency care.

How Claims are Paid with BlueCross BlueShield Global Core

In most cases, when you arrange inpatient hospital care with BlueCross BlueShield Global Core, claims will be filed for you. The only amounts that you may need to pay up front are any co-payment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- *Physician* services;
- Inpatient hospital care not arranged through BlueCross BlueShield Global Core; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need BlueCross BlueShield Global Core claim forms you can get international claims forms in the following ways:

- Call the BlueCross BlueShield Global Core Service Center at the numbers above; or
 - Online at www.bcbsglobalcore.com

You will find the address for mailing the claim on the form.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, both the *participation agreement* and your coverage under the *plan* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *plan* is subject to amendment, modification or termination according to the provisions of the *participation agreement* and the Declaration of Trust establishing the California's Valued Trust without your consent or concurrence.

Protection of Coverage. CVT does not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the *plan*.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this *plan*.

Provider Reimbursement. *Physicians* and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating *physician* may, after notice from the *claims administrator*, be subject to a reduced negotiated rate in the event the participating *physician* fails to make routine referrals to *participating providers*, except as otherwise allowed (such as for *emergency services*). *Hospitals* and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Medical Necessity. The benefits of this *plan* are provided only for services which the *claims administrator* determines to be *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this *plan* is available to you upon request.

Expense in Excess of Benefits. CVT is not liable for any expense you incur in excess of the benefits of this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. After you get covered services, we must receive written notice of your claim in order for benefits to be paid.

- *Participating providers* will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.
- *Non-participating provider* claims can be submitted by the *physician* if the *physician* is willing to file on your behalf. However, if the *physician* is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you.

If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:

- Name of patient.
- Patient's relationship with the *member*.
- Identification number.
- Date, type, and place of service.
- Your signature and the *physician's* signature.

Non-participating provider claims must be submitted within 180 days after the date of service. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180-day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your *plan*.

Claims submitted by a public (government operated) hospital or clinic will be paid by us directly, as long as you have not already received benefit under that claim. We will pay all claims within 30 days after we receive proof of loss. If you are dissatisfied with our denial or amount of payment, you may request that we review the claim a second time, and you may submit any additional relevant information.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension. Please contact Member Services if you have any questions or concerns about how to submit claims.

Member's Cooperation. You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits. You authorize the *claims administrator*, in its own discretion and on behalf of the employer, to make payments directly to providers for covered services. In no event, however, shall the *plan's* right to make payments directly to a provider be deemed to suggest that any provider is a beneficiary with independent claims and appeal rights under

the *plan*. The *claims administrator* also reserves the right, in its own discretion, to make payments directly to you as opposed to any provider for covered service. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the *non-participating provider*. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an alternate recipient (which is defined herein as any child of a *subscriber* who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the employer's *plan*), or that person's custodial parent or designated representative. Any payments made by the claims administrator (whether to any provider for covered service or you) will discharge the employer's obligation to pay for covered services. You cannot assign your right to receive payment to anyone. Once a provider performs a covered service, the *claims administrator* will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the *plan* are not assignable by any *member* without the written consent of the *plan*, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the *plan* and/or law, sue or otherwise begin legal action, or request *plan* documents. Any assignment made without written consent from the *plan* will be void and unenforceable.

Care Coordination. The *plan* pays *participating providers* in various ways to provide covered services to you. For example, sometimes payment to *participating providers* may be a separate amount for each covered service they provide. The *plan* may also pay them one amount for all covered services related to treatment of a medical condition. Other times, the payment may be a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, *participating provider* payments may be financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate *participating providers* for coordination of your care. In some instances, *participating providers* may be required to make payment to the *plan* because they did not meet certain standards. You do not share in any payments made by *participating providers* to the *plan* under these programs.

Right of Recovery. Whenever payment has been made in error, the *claims administrator* will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations.

In the event the *claims administrator* recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, the *claims administrator* will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider.

The *claims administrator* reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the *claims administrator* pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, the *claims administrator* may collect such amounts directly from you. You agree that the *claims administrator* has the right to recover such amounts from you.

The *claims administrator* has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The *claims administrator* may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The *claims administrator* has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The *claims administrator* will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The *claims administrator* may not provide you with notice of overpayments made by them or you if the recovery method makes providing such notice administratively burdensome.

The *claims administrator* reserves the right to deduct or offset, including cross plan offsetting on *participating provider* claims and on *non-participating providers* claims where the *non-participating providers* agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Workers' Compensation Insurance. The *plan* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. Your *participating employer* may require that you contribute all or part of the costs of these required monthly contributions. Please consult your *participating employer* for details.

Liability of Subscriber to Pay Providers. In the event that the *plan* does not pay a provider who has provided benefits to you, you will be required to pay that provider any amounts not paid to them by the *plan*.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Financial Arrangements with Providers. The *claims administrator* or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as “Providers”) for the provision of and payment for health care services rendered to its *members* and insured persons entitled to health care benefits under individual certificates and group policies or contracts to which the *claims administrator* or an affiliate is a party, including all persons covered under the *plan*.

Under the above-referenced contracts between Providers and the *claims administrator* or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *plan* may differ from the rates paid for persons covered by other types of products or programs offered by the *claims administrator* or an affiliate for the same medical services. In negotiating the terms of the *plan*, CVT was aware that the *claims administrator* or its affiliates offer several types of products and programs. The *subscribers*, *family members* and CVT are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *plan*.

Transition Assistance for New Members: Transition Assistance is a process that allows for completion of covered services for new *members* receiving services from a *non-participating provider*. If you are a new *member*, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the *non-participating provider* and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll in this *plan*.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a *maternal mental health condition* from the individual's treating health care provider, completion of covered services for the *maternal mental health condition* shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A maternal mental health condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the time the *child* enrolls in this *plan*.
6. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the time you enroll in this *plan*.

Please contact Member Services at the telephone number listed on your ID card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with *non-participating providers* are negotiated on a case-by-case basis. The *non-participating provider* will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the *non-participating provider* does not agree to accept said reimbursement and contractual requirements, the *non-participating provider's* services will not be continued. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a *physician* review the request.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, benefits will be provided at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract with the *claims administrator* terminates (unless the provider's contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity). If your *physician* leaves our network for any reason other than termination of cause, retirement or death, or if coverage under this *plan* ends because the *plan's* Administrative Services Agreement ends, or because your *group* changes plans, and you are in active treatment, you may be able to continue seeing that provider for a limited period of time and still get the *participating provider* benefits.

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the *claims administrator* prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the *claims administrator* prior to termination. If the provider does not agree with these contractual terms and conditions, the provider's services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a *maternal mental health condition* from the individual's treating health care provider, completion of covered services for the *maternal mental health condition* shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A maternal mental health condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact Member Services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider's services will not be continued. If you disagree with the

determination regarding continuity of care, you may file complaint as described in the COMPLAINT NOTICE.

Discount Programs. The *claims administrator* may offer health or fitness related programs to its *members*, through which they may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not covered services under the *plan* but are in addition to *plan* benefits. As such, program features are not guaranteed under this health *plan* contract and could be discontinued at any time. The *claims administrator* does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Voluntary Clinical Quality Programs. The *claims administrator* may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from covered services under your plan. These programs are not guaranteed and could be discontinued at any time.

The *claims administrator* will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Policies, Procedures, and Pilot Programs. The Claims Administrator are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Administrative Service Agreement with your Employer, the Claims Administrator has the authority, in its discretion, to introduce or terminate from time to time, pilot or test programs for disease management, care management, or wellness initiatives which may result in the payment of benefits not otherwise specified in this Booklet. The Claim's Administrator reserves the right to discontinue a pilot or test program at any time.

New Program Incentives. The *plan administrator* may offer incentives from time to time in order to introduce you to new programs and services available under this *plan*. We may also offer the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards and health-related merchandise. Acceptance of these incentives is voluntary as long as the *plan* offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. The *plan administrator* may discontinue a program or an incentive for a particular new service or program at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, please consult your tax advisor.

CLAIMS REVIEW

The benefits of this *plan* are provided only for those services that are considered *medically necessary* and satisfy all other terms and conditions of this *plan*. The fact that a *physician* prescribes or orders a service does not, in itself, mean that the service is *medically necessary* or that the service is a covered charge. Consult this *benefit booklet* or telephone the *claims administrator* at the number shown on your identification card if you have any questions regarding whether services are covered.

The *claims administrator* has responsibility for determining whether services are *medically necessary*. That determination will be made during claims review, unless reviews for medical necessity already were conducted for those services that are subject to the provisions stated under UTILIZATION REVIEW PROGRAM.

When the claim is submitted for benefit payment, it is reviewed against guidelines, established by the *claims administrator* for medical necessity, beginning with preliminary screening against general guidelines designed to identify *medically necessary* services. If there is a question as to the medical necessity of the services, the claim will be further reviewed against more detailed guidelines. If the medical necessity still cannot be clearly determined, the claim will be reviewed by a *physician* advisor for a final determination.

Action on a *member's* claim, including denial and reasons for denial, will be provided by the *claims administrator* to the *member* in writing.

Reconsiderations

If you or your *physician* disagree with an initial claims review determination, or question how it was reached, reconsideration may be requested. The request may be made by you, your *physician* or someone chosen to represent you.

Appeals

If the reconsidered decision is not satisfactory, a request for an appeal on the reconsidered decision may be requested over the telephone or in writing to the *claims administrator*. The request may be made by you, your *physician* or someone chosen to represent you.

In the event that the appeal decision still is unsatisfactory, the remedy is external review, or binding arbitration, which are explained in the next section of this *benefit booklet*.

How to Initiate Requests for Reconsideration or Appeals

Requests for reconsideration of claim denials or appeals of reconsidered determinations may be directed to the *claims administrator* at the following address:

**Anthem Blue Cross Life and Health Insurance Company
CVT Member Services Unit
P. O. Box 60007
Los Angeles, CA 90060-0007**

You must include Your Member Identification Number when submitting an appeal.

Requests must be made as follows:

1. By calling Customer Service or in writing, and
2. Within 60 days of receiving the original denial when the request is for reconsideration, or
3. Within 30 days of receiving the reconsidered determination when the request is for an appeal.

Requests must include the following:

1. Any medical information that supports the medical necessity of the services for which payment was denied, and any other information you or your *physician* feels should be considered, and
2. A copy of the original denial.

The *claims administrator* must respond to the request for reconsideration or appeal within 60 days of receiving the request, except when the *claims administrator* indicates before the 60th day that additional time is required to review the request. In that event, the *claims administrator* is permitted a total of 120 days in which to respond to the request.

You have the right to review all documents that are part of your requests for reconsideration or appeals and to present evidence and testimony as part of the reconsideration or appeals process.

Voluntary Second Level Appeals

If you are dissatisfied with the first level appeal decision as described above, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the *claims administrator* within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

**Anthem Blue Cross Life and Health Insurance Company
CVT Member Services Unit
P. O. Box 60007
Los Angeles, CA 90060-0007**

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care *plan*. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

Requirement to file an Appeal before taking action

No legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the *claims administrator's* final decision on the claim or other request for benefits. If the *claims administrator* decides an appeal is untimely, the *claims administrator's* latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the *plan's* internal Appeals Procedure but not including any voluntary level of appeal, before taking legal action of any kind.

The *claims administrator* reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this *plan* or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute or claim within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act will govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate will apply.

The *member* and CVT agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The *member* and CVT agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class arbitration, the *member* waives any right to pursue, on a class basis, any such controversy or claim against CVT and CVT waives any right to pursue on a class basis any such controversy or claim against the *member*.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the *member* making written demand on CVT. The arbitration will be conducted by Judicial Arbitration and Medication Services ("JAMS") according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the *member* and CVT, or by order of the court, if the *member* and CVT cannot agree. The arbitration will be held at a time and location mutually agreeable to the *member* and CVT.

Urgent care are the services necessary to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, injury, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are for conditions which require prompt attention as required by state law and are not *emergency services*.

Urgent care center is a physician's office or a similar facility which meets established ambulatory care criteria and provides medical care outside of a hospital emergency department, usually on an unscheduled, walk-in basis. Urgent care centers are staffed by medical doctors, nurse practitioners and physician assistants primarily for the purpose of treating patients who have an injury or illness that requires immediate care but is not serious enough to warrant a visit to an emergency room.

To find an urgent care center, please call the Member Services number listed on your ID card or you can also search online using the "Find a Doctor" function on the website at www.anthem.com/ca. Please call the *urgent care center* directly for hours of operation and to verify that the center can help with the specific care that is needed.

Virtual Visits (Telemedicine / Telehealth Visits) means the use of interactive audio, video, or other electronic media to deliver health care. The term includes the use of electronic media for diagnosis, consultation, treatment, transfer of medical data, and medical education. The term does not include services performed using a telephone or facsimile machine.

Year or **calendar year** is a 12 month period starting January 1 at 12:01 a.m. Pacific Standard Time.

You (your) refers to the *subscriber* and *family members* who are enrolled for benefits under this *plan*.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *physician* (e.g., your *physician*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *physician* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call us at the Member Services telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

This *plan*, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call us at the Member Services telephone number listed on your ID card.
